AQA Religious Studies (Specification A) Religious, philosophical and ethical studies Scheme of Learning

Year 9 – Term 5&6 Islamic beliefs

Intent – Rationale

AQA GCSE religious education paper requires students to study two religions. At Carre’s we study Christianity and Islam. Students must know both beliefs and practices within the religions. This scheme will cover Islamic beliefs including keywords, concepts and exam practice. The scheme will address the diversity of believers within Islam and identify the significance and implications of the differing beliefs. There is also an opportunity to discuss and reduce intolerances that may have arisen politically and socially and address British values and their acceptance in all diverse communities in the country. .
