

### **KHSH Secretaries report 2021**

Despite last year being a difficult and unusual one for school the PTA had a reasonably successful year. We still managed to meet, albeit online. However, this is a positive development that we may continue as it is less time consuming and generally felt to be easier for those involved.

Sadly, most events that were planned for last year were unable to take place, but the preloved clothing initiative has been great for fundraising and for families. Money was also raised in the 100 club.

Thanks as always to BF for leading and guiding the PTA.
