Year 9 progress grades Sixth Form Induction

If you have been following us on Twitter @KSHSSA you will have seen how pleased staff and students are to have welcomed Year 5 and Year 6 students into school this week for our Taster days and Induction day. From screaming jelly baby experiments in Science to sunny physical activity sessions we hope that visiting primary pupils had a great time with us and were able to imagine themselves being High School students. For me, it was super to finally meet the parents/carers of our new Year 7 intake for September too, at four socially distanced evening sessions. Whilst the government's delay to ending all restrictions has led some schools taking the decision to cancel induction events we decided that the benefits of good transition in the crucial months between primary and secondary schools outweighed the risk and with careful risk assessments in place we went ahead with a busy week. Thanks to

parents/carers and to local primary headteachers who were part of that decision and to Mrs Hunt, Mrs Pankhurst and Mrs Edwards who have put all their efforts into making sure those days ran smoothly. Our final newsletter of the year in two weeks' time will share a collage of photos with you. Elsewhere in the school we have been working closely with the exam boards for Stage 3 of the quality assurance process for this year's GCSE and A Level results. A separate letter will be published in coming days for Year 11 and Year 13 students and their parents/carers detailing the arrangements for results days and the national appeals system. Thanks as ever for your continued support. Mrs J Smith Head of School National Theatre Competition - NewViews Update The English Department is delighted to report that all three of the students who took part in the National

Theatre's NewViews playwriting programme have received very complementary feedback about their plays

Daisy Couture, Emily Gray and Rafia Khan are to be commended for their diligence and resilience in continuing to take part in the programme despite the additional challenges the Covid pandemic has brought to the students during their time in the Sixth Form. Furthermore, Rafia has been invited to take part in the Highly Commended Workshop in July, the Writing for Theatre programme 10 week course supported by a professional playwright, and we hope she will be offered some one-on-one mentoring with a playwright or dramaturg in support of her

writing too. We are thrilled that she has the opportunity to take

writing, literature and drama will be inspired to take part next

from their playwright mentor.

her love of writing further and look forward to hearing more from Rafia in the future. The English Department will be encouraging students from Year 10 and Year 12 to apply to take part in the NewViews programme in September. We hope that students who enjoy

year!

BASE ICAEW National Finals

Four of our Year 12 Business CTEC students took part on the prestigious BASE National Finals, run by the Institute of Chartered Accountants in England and Wales (ICAEW) on Wednesday 16 June. Usually this is a two-day event in a plush hotel but due to COVID restrictions, this had to be run online this year. Of the 550 schools and 5,400 students that took part this year in the competition, our students made it through to the national final,

Liv, Esmee, Molly and Eleanor have summed up their experience of the competition below: 'Throughout the Base competition we learnt many skills, such as integrity, making ethical decisions, commercial awareness, business integrity, teamwork and communication. It was a great opportunity to learn more about careers in business and accounting, through being able to ask people within the industry questions. We recommend doing this if you have an interest in business and accounting, as it will give you an insight into what routes there are available,including apprenticeships and school leaver programmes.' Mrs L Moncur

Subject Leader - Business Studies

recording, based on a business scenario.

Interact club Before half term, the Interact club organised a food bank collection for Community Larder, Altogether as a school, we collected 260 items of food and essentials. We also collected some dog and cat food, which we found very thoughtful! The items will help many people so Interact thanks you for all your donations and generosity! By Mia Waring 8KB

Congratulations to our 2021 Winners!

SHADOWERS' CHOICE AWARDS

CARNEGIE

The Carnegie Medal is awarded to the author voted for by librarians for creating an outstanding reading experience. It was established in 1936 in memory of the Scottish-born Philanthropist Andrew Carnegie. The Kate Greenaway Medal was established in 1955 and is

The Shadowers' Choice Awards are voted for by panels of school children from across the UK

For next year's awards our school will be registering as official Shadowers. The process will involve students reading books from the shortlist and taking part in discussions and reading related activities, ultimately voting for their favourites to win the Shadower's choice awards.

PROMOTING A READING CULTURE

online pornography.

News from our safeguarding partners

Minister urges parents to turn on children's phone filters

danger, do not allow your child to go into digital danger." Meanwhile, Libby Nicholas, Managing Director of Dukes Education, a network of UK private schools, has said that ministers should revive plans for age verification of pornographic websites. England - Let's Tackle Online Hate Together

Online hate can affect anyone. Sharing hateful messages about individuals, groups or communities online can have serious consequences and the ubiquity of social media means it's now even easier to target

people all over the world. It is important that children know how to respond and how they can set a positive example. The Euros, which welcome 24 teams from 24 different countries, playing it out in 11 cities across 1 continent, are a fantastic opportunity to celebrate different cultures, backgrounds and beliefs

- and the perfect way to deliver one universal message - let's tackle online hate together. In the guide in this newsletter, you'll find tips on a number of tips such as talking to trusted adults about upsetting things,

setting a positive example online and remembering that you have the power to shape your online world.

A Student's View

Mental Health and Coping by Girls' News Team member, Remi Alexander-Wade 8MC

Lockdown was hard on everyone and being away from friends and family had an impact on everyone. Some people might have handled it well whereas others might have taken it badly but it doesn't matter as it is still important to look after your mental health regardless. This article is full of tips and information about

Mental health is defined as someone's condition in regard to their emotional wellbeing. Your mental health is involved in your everyday life, as someone with poor mental health might find something more irritating than someone with good mental health. As your mental health impacts every aspect of your life, it is important to look after it. Looking after your mental health can make you feel more relaxed and happier as

your mental health and wellbeing, as well as how to look after it.

opposed to feeling on edge or stressed for the majority of the time.

What is mental health and why is it important?

How can I look after it? There is no set way to improve your mental health as what might work for one person may be completely ineffective to someone else. There are multiple ways to look after your mental health, some as simple as breathing. Here are some handy tips: Get outside and do some exercise - exercise can raise endorphins and fresh air can help clear your mind o Hug something - whether this is a pet, a toy, a friend/family member or even a tree it can make you feel better and raise your serotonin levels o Eat spicy food - this can actually raise both your dopamine and endorphin levels Have a nap or sleep for longer than usual - sleep is the body's natural way of repairing itself not only physically but also mentally as it can put things into a better perspective; on top of this, it also raises your dopamine levels Stroke a pet - this can be calming and quite mindful and it also raises your oxytocin Practice mindfulness - this could be yoga or meditation, but it also raises your oxytocin levels and like sleep, it puts events and thoughts into a better light. o Take some time to yourself - life can be overwhelming and being around people isn't always the best solution so every now and then take some time to yourself just to read, or have a bath or anything you find relaxing o Spend time with friends and loved ones - this massively contradicts the last tip but both of them can

SCHOOL

Through our fundraising, we are able to provide some of the 'little extras' which the school would not normally be able to provide from educational budgets. In the past we have provided every student in school with a school planner, contributed towards the school mini bus, bought iPads, Apple TV units, new class room projectors, paid for outside speakers to run motivational skills seminars in Years 7, 9 and 11, in addition to a number of subject specific donations to Science, PE, Art, Design and Technology and Modern Foreign Languages. We also part funded the covered area with heating between the dining room and the library, replaced the curtains in the school hall and provided picnic tables and seating in the school grounds. In past years we have been able to hold a number of fundraising events: the Bags2School unwanted clothing collection and civvies day, Movie and Pizza Night for Years 7 and 8, a Harry Potter Quiz night and a St Patrick's Eve Family Bingo night. We have also provided refreshments and raffles at a number of musical events.

teaching Maths at KSHS was enough of a thrill!

Can you help us?

Wellbeing for All Peer to Peer and Parental Support Helping friends when they are finding things difficult can be daunting. When a friend opens up about how they are feeling, or tells someone about something they are struggling with, often young people might find

that conversation tough and it can feel difficult to know what to say. This reaction is normal. It shows they care for that person and want to help them - it's part of our nature to want to support others and this is

something we should all be proud of. However sometimes, when we are supporting our friends, we can take on a lot of stress. It might feel like it's a burden on our own to help them. But there are ways young

people can help their friends and find people who can support them too, so that they don't feel

This article from Young Minds gives some very helpful guidance about how young people might support

a friend with their mental health. Why not have a read? It is parents/carers who are often asked first and this helpful article takes you through some helpful scenarios and signposts you to relevant other resources

https://youngminds.org.uk/find-help/looking-after-yourself/supporting-a-friend-with-their-mental-health/

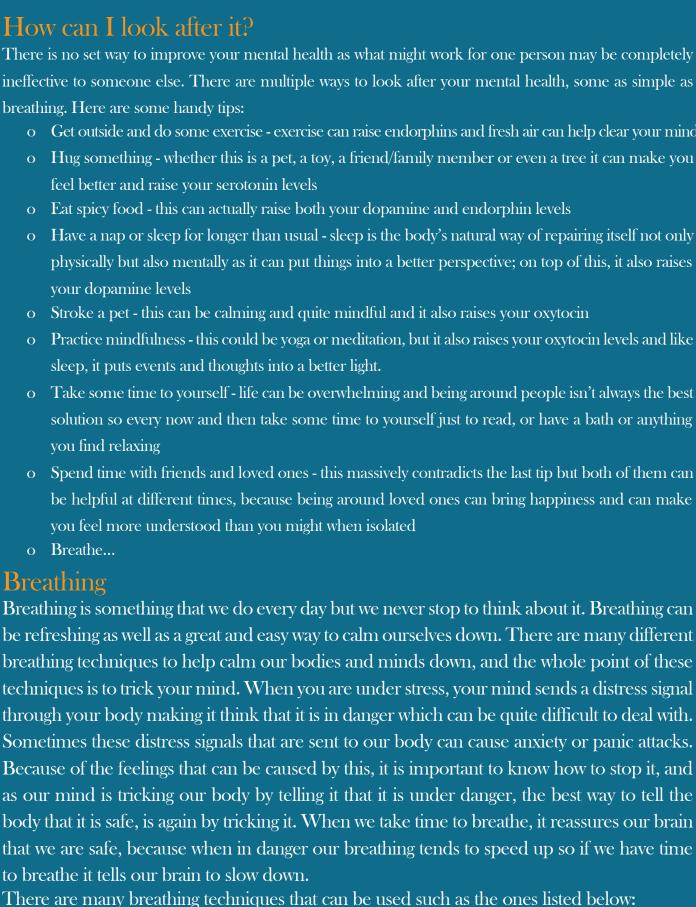

The following extracts are a message from the DfE in how we are able to protect young people from

Vicky Ford says "parents should turn on filters on their children's phones and their home broadband to protect them from dangerous pornography". The children's minister said that young people's perceptions

of sex were being "warped" by access to online porn. Speaking in the House of Commons, she said: "Right now, it is estimated that 1.4m children access pornography every month in the UK. So please,

parents, turn on your broadband filters and make sure that you understand and switch on the safety features on your children's phones and devices. Just as you would not put your children into physical

that can help you support your child when they are finding things a little overwhelming.

Square breathing - Visualise a square in front of you or draw one in the air and as you see the first

• 4-7-8 breathing - Breathe in for 4 counts, hold for 7 counts and then breathe out for 8 counts; at first

• Exhale - This exercise does not require as much counting as the others, because all it requires is a

Take notice - This is technically not a breathing exercise but it is quite mindful, so I have included

it: the exercise focuses on your sense so first, find one thing that you can taste, then find 2 things that you can smell, then find 3 things that you can hear, then find 4 things that you can feel and finally, find 5 things that you can see. This is called a grounding exercise as it brings back your awareness

Visualisation - Take deep, mindful breaths, close your eyes and think of a place that is special to you

or a calm, happy place; think of what you can see and smell and how you're feeling or what your

Meditation - Find somewhere comfy to sit and close your eyes, then take a deep breath in through your nose and a deep breath out of your mouth then repeat this; focus on your breathing and the

sound of it as you try to clear your mind. If you find it difficult you can search 'guided meditation'

2 sniffs - Take 2 short sniffs in through your nose and then breath out through your mouth

This week was School Sports Week across UK Schools. Alongside our full clubs schedule, Year 7 and Year 8 students have participated in a football festival; this was in conjunction with the 'Game of Our Own Programme' run by the Youth Sports Trust. Leaders from Year 9 and Year 11 have worked together to run activities and competitions for both year groups with the intention of increasing participation in Girls
