# Part A: Pupil premium strategy plan

## Statement of intent

Our Intention is that all students, irrespective of their background, leave having achieved their academic potential as well as being fully prepared for the next stage of education, or for work, and having acquired the enthusiasm for lifelong learning.

The school provides a broad, balanced and relevant curriculum to offer the very best academic progression pathways and to ensure that the learning needs of all students are considered. We want to ensure that all students, irrespective of the challenges they may face, make good progress and achieve highly across the curriculum, particularly in EBacc subjects.

High-quality Teaching and Learning is at the heart of our approach, and is supported by our CPD programme – in which one of our Key Themes is Pedagogy, focussing on practice, retrieval, feedback, checking for understanding, and questioning. Evidence has shown that disadvantaged pupils require the most support in the 3 former topics, and that better progress is made when the latter two are delivered expertly. These pedagogical strands have the greatest impact on closing the disadvantage attainment gap and at the same time will benefit all pupils in our school. Implicit in the intended outcomes detailed below, is the intention that pupil attainment will be sustained and improved for all – whether pupils are disadvantaged or not.

Our commitment is to offer a broad range of opportunities for Pupil Premium students to gain experiences, learning outside the classroom as well as within.

As a result of our strategy, our key aims (linked to our school development plan) are to:

- Develop and share practical expertise of best teaching and learning
- Provide targeted academic support by improving progress in core subjects to close any attainment gaps identified
- Improve attendance of pupils eligible for pupil premium so that they lose less learning time and benefit from greater access to high quality teaching, intervention and access to enrichment
- Further increase the participation of Pupil Premium pupils in extra-curricular and enrichment activities
- Increase the participation of able Pupil Premium pupils in the 11+ selection process
- Prioritise applications for a place at the school for Pupil Premium pupils in the case of oversubscription

## Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	Low confidence in own abilities and perception of being less able within a selective setting
2	Less academic and pastoral resilience
3	Lack of access to resources, leading to less equity in accessing the curriculum
4	Study skills less secure and can lack personal organisation
5	Higher chance of lower level of cultural capital, less experience of travel/higher education and opportunity to participate in extra-curricular activities leads to the possibility of low aspirations

## Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
<i>PP pupils make good progress equal to their non-PP peers and feel supported in lessons and outside</i>	100% achieve Grade 4 and above in 5 subjects, including English and Maths compared to 93% (3 year average from 2017-2019)
Improvement in attendance of PP pupils	Attendance improves from June 2022 figure of 91.6% to 94%
The wellbeing of PP pupils is supported appropriately to ensure conditions are in place for them to thrive	<p>PP pupils know how to access support for their good mental health and wellbeing and feel that they are supported and make progress, despite any obstacles in their way</p> <p>PP pupil self-confidence is high</p> <p>PP pupils access and engage with the five tiers of wellbeing support in the school.</p> <p>Parents have access to resources to support their child's wellbeing</p>
PP pupils have greater involvement in extra-curricular activities	<p>Increased uptake of the following by PP students:</p> <ul style="list-style-type: none"> <li>15% of PP pupils take up Music lessons</li> </ul>

	<ul style="list-style-type: none"> <li>• 20% of PP pupils take up the Duke of Edinburgh Award scheme</li> <li>• 40% of PP pupils attend some form of extra-curricular club in school</li> </ul>
Destinations continue to show PP students applying for Higher Education courses	Destination data for PP students continues to be in line with or above cohort
Able PP pupils from Sleaford and surrounding areas continue to participate in 11+ process	Increased participation compared to previous year. In September 2022, 11.1% of pupils taking 11+ were PP. Of those who met the required standard, 7.7% were PP

## Activity in this academic year

This details how we intend to spend our pupil premium (and recovery premium) funding **this academic year** to address the challenges listed above.
