

REVIEWS OF MARKING & ACCESS TO SCRIPTS – GCSE

(ATS) Access to scripts	Access to a copy script prior to review of marking.
(Service 1) Clerical check of marks	A check of all clerical procedures which lead to a result being issued. Checks include: all parts of script have been marked; totalling of marks; recording of marks.
(Service 2) Review of marking	A check that the examiners have marked externally assessed components correctly. Changes to marks will only be made where there is an administrative or marking error but not where the original mark is reasonable. This is in line with Ofqual's review of marking guidance. Marking errors can occur as a result of: an admin error: a failure to apply the mark scheme where a task has a 'right' or 'wrong' answer; an unreasonable exercise of academic judgement. The checks will also include the clerical rechecks detailed in Service 1.
